BESCHÄFTIGUNG

Wie pflegst du dein Pferd?

Die Pferdepflege ist sehr wichtig. Du musst ein Pferd regelmäßig putzen. Dabei helfen dir verschiedene Bürsten, wie die Kardätsche, der Striegel, eine Wurzelbürste, und ein Mähnenkamm. Auch die Hufe musst du vor jedem Reiten auskratzen, um Dreck und Steine zu entfernen.

Was versteckt sich hier? Male die Felder in den vorgegebenen Farben aus!

Mach mit!

So lernst du flechten!

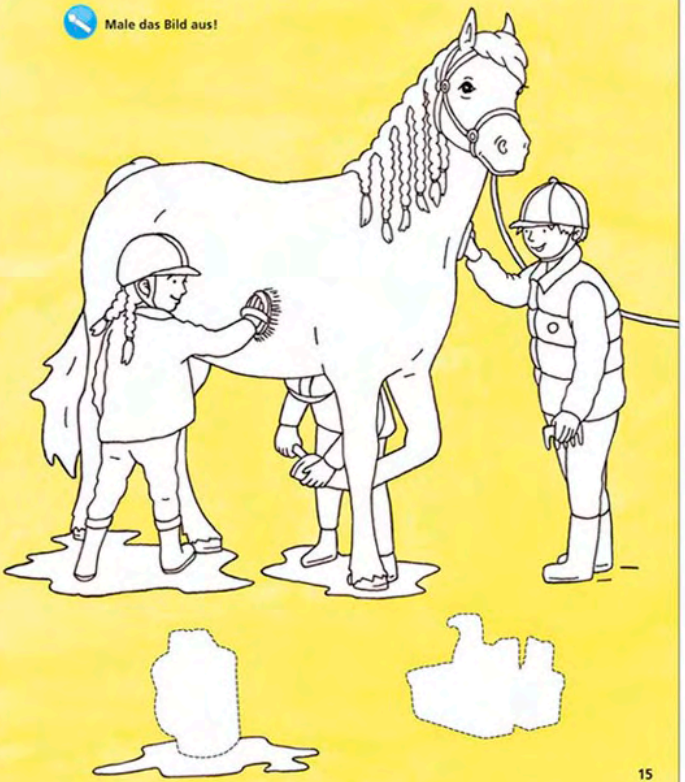

1. Teile die Haare in drei gleich dicke Strähnen.

2. Lege dann immer abwechselnd die linke und rechte äußerste Strähne in die Mitte.

3. Flicht die Haare bis ans Ende und binde sie mit einem Haargummi zusammen.

4. Auf diese Weise kannst du auch deinem Pferd vorsichtig die Mähne flechten.

Kann mein Pferd sprechen?

Pferde verständigen sich über Körpersignale, die auch wir verstehen können. Angelegte Ohren bedeuten: Geh weg, ich bin zornig!

Beim Flehmen können Pferde einen neuen Geruch gleichzeitig riechen und schmecken! Dazu öffnen sie die Lippen und atmen ein.
